Missionary Report

Missionaries to Botswana

Things continue to go very well at GLC. Bible class continues to be the favorite time of the day and I always love seeing how the children soak up the lessons. We are continuing to study the life of David and each day brings a new level of interest in how God helps David and the Israelite people. I pray that this time each day is just as special to the children as it is to me.

As the children have grown, I wanted to start teaching them the books of the Bible. I challenged them to work hard on memorizing the books of the New Testament. In just a matter of days, they truly surprised me by being able to say the books of the New Testament on their own! One by one, they came to the front of the room and recited the twenty-seven books. I was able to then surprise them with their very own New Testament! I wish I had their reactions on video, but there was complete joy and excitement!

Some of the children bring their Bibles to school each day and tell me how they are reading from it. Others make sure it is in their hands as they leave in the afternoon. One parent just told me, as they were moving over the last few days, the New Testament was the first thing that got packed to go to the new house! I pray this enthusiasm will continue!

There was a young lady invited to attend church by a teenager she was tutoring. Larona has been coming faithfully. After many weeks, she wanted to understand more about salvation. I had the opportunity to speak to her one Sunday this month after a service. I am excited that she very clearly saw her need for salvation and called upon the Lord to forgive her and save her. She is a thinker, so this was not something she just accepted right away. She wanted to really understand, of which I am grateful.

Larona never went to church growing up and is eager to learn. After speaking with her some, we decided the best thing for her in her newfound faith was to begin discipleship lessons. Our church uses a fourteen-week discipleship course that guides a new believer into a better understanding of Christianity. Our first discipleship lesson was last Sunday after church. She asked a lot of questions and even gave some examples of situations in her life as they applied to the lesson. Please pray for complete understanding as we go on this journey together.
